Summary: Thel 'Vadam is forced to sing a song called "What's This?". Contains my OC Nala. A Christmas fic.

Thel 'Vadam's: What's This

I don't own Halo or any of its characters! Bungie Studios does. I only own Nala 'Aidasee character and other OC that might appear in this story.

A/N: Don't forget this has NOTHING to do with the original story! Just something funny and random I wanted to write for Christmas/Holiday. Hope ya like it.

And this story has OOC!

Thel 'Vadam's: What's This?

"Tell me again, why I must do this?" Thel asked. This was really strange for him. And for Nala and Rtas also. However, it seemed like Johnson and others had already talked to them. And now they had smug "smiles" on their mandibles as well the humans also had on their lips.

"Because that costume fits with you Arby. And I bet you have a awesome singing voice." Johnson laughed. Thel was wearing almost skin tight black colored costume, with bones on them. Giving an "skeletal" look for Thel. To this comment Nala made a small giggle, this made Thel even more embarrassed.

"But I have no idea what I should do." he tried to reason them. But it didn't work. "And that's why we made you a script." Johnson handed him few piece's of paper. Thel started eyeing them with wide eyes.

"I'm suppose to say all of these 'lines'?" he asked shocked, after

reading most of the text. "No." Cortana said. Appearing from a holotank. "More like singing." she said with a smile. "And you support this Nala?" he asked in disbelieve.

Nala made another small laugh. "I can't help it. And we all wondered what's this "Christmas" humans always talked about." she said. Having a sweet smile on her. "And besides, you look kind of nice in that costume."

"Maybeâ€¦" Thel said, looking really embarrassed. "But why Rtas wouldn't take up this task. I'm sure, the costume would've been more fitting for him." he said. Pointing straight at Rtas's missing mandibles. Who crossed his arms at this looking slightly annoyed.

"I don't think so." Cortana said. She then placed her hand onto her forehead. "And besides. It's time to start." she said, now with a smirk on her face. Thel could almost feel as the blood escaped from his face. But it was too late already. He had agreed on this and he needed to do this. "And don't forget. With feeling!" Cortana added before disappearing.

And so it startedâ€¦

* * *

><p>What's this? What's this?

There's color everywhere

What's this?

There's white things in the air

Thel sang while holding a single snow flake, looking at it really interested as his character should, while he wasn't that interested. But then puffed it in air, taking good look of these new lights before him.

What's this?

I can't believe my eyes

I must be dreamingWake up, Jack, this isn't fair

What's this?

He jumped right behind of a small group of people who were "singing" a Christmas song.

What's this? What's this?

There's something very wrong

What's this?

There's people singing songs

He looked at them with confusion. Scratching his head.

What's this?

The streets are lined with

Little creatures laughing

Everybody seems so happy

Have I possibly gone daffy?

What is this?What's this?

Thel then changed location swiftly. Finding himself looking at small group of small humans _and _unggoy's throwing snowballs at each other. Both sides seemed to have good times.

There's children throwing snowballs instead of throwing heads

They're busy building toys

And absolutely no one's dead

Thel cringed at mention of this. Why would anyone would enjoy of seeing flying heads was out of his understanding. He then moved back behind the buildings again.

There's frost on every window

Oh, I can't believe my eyes

And in my bones I feel the warmth

That's coming from inside

Thel placed his finger on the window, taking little frost. And then looked at it, trying to look interested, like his character was suppose to.

Oh, look

What's this? They're hanging mistletoe, they kiss

Why that looks so unique, inspired

They're gathering around to hear a story

Roasting chestnuts on a fire

_What's this? _

Thel fought really hard not to raise his voice, when he mentioned the mistletoe, that was held by a hurakog for some reason. What he saw inside shocked him little more than he thought. Inside the room were Rtas and Nala, who gave Rtas a small "peck" with her mandibles to his remaining mandibles.

Which would be like a human version of kiss to the cheek. From, inside Nala quickly sent both playful look to him and then a apology stare to him, which calmed him down a little from inside.

What's this?

In here they've got a little tree, how queer

And who would ever think

And why?

Thel had then quickly changed his position again, looking through a window seeing both Miranda and Johnson decorating a tree with many different lights and other things.

They're covering it with tiny little things

They've got electric lights on strings

And there's a smile on everyone

So, now, correct me if I'm wrong

This looks like fun

This looks like fun

Oh, could it be I got my wish? What's this?

And he was still confused what this had to do with this "Christmas". It seemed more like the character he played, was just wondering the very same thing. He had wondered already few times, if this humiliating act was worth of the information.

Thel moved again and soon found himself inside a large bedroom with many beds, which held many human child's and couple unggoy. It was still little surprise that the humans were able to pull this off. How they were able to convince so many unggoy's was out of his league.

Oh my, what now? The children are asleep

But look, there's nothing underneath

No ghouls, no witches here to scream and scare them

Or ensnare them, only little cozy things

Secure them in their dreamland...

Thel _really _felt uncomfortable being _this _close to an unggoy. And the unggoy wasn't fond of this closeness either, and was rather close to break his role just from the stress.

What's this?

Immediately when Thel went off, the unggoy jumped out of the bed with a big squeal that told how uncomfortable it had felt. And it somehow made the other unggoy's jumpy all over the room.

The monsters are all missing

And the nightmares can't be found

And in their place there seems to be

Good feeling all around

Thel moved right next to the windows, which showed how busy everybody was. However, the walk was little hard for him since the distance between the wall and leap was rather small and it was even slippery.

Instead of screams, I swear

I can hear music in the air

The smell of cakes and piesare absolutely everywhere

Thel took a deep breath, while taking the smells all around him. Which made him fell little better and made his stomach even growl a little. Luckily it wasn't loud enough.

The sights, the sounds

They're everywhere and all around

I've never felt this good before

This empty place inside of me has been filling up

I simply cannot get enough

Thel then jumped down as he was instructed on the paper. As his hooves hit the frozen ground, he started sliding and few times almost fell on his behind. But he was able to regain his balance.

I want it, oh, I want it

Oh, I want it for my own

I've got to know

I've got to know

What is this place that I have found? What is this?

His sliding came to a sudden halt, as he hit himself on a tall and thick pole which knocked him unconscious. But not before Thel got up and finished his lines. Sounding little off.

Christmas Town? Hmmmâ€¦

He then fell unconsciously back to the pile of snow. Knowing that no one wouldn't let him live through this!

><p>Well, I hope ya liked it. And again, I hope you aren't too strict with this one since it is my first try on theseâ€¦ I guess, song fics. There will be later another ChristmasHoliday fic. And that will be Twas Night Before Christmas, Mass Effect version. And don't forget to take a quick check on my poll!
